Dear Parent/Carer

Re: KS2 Geology WOW Day!

On **Friday 13th December**, Key Stage 2 will be participating in a special geology day to compliment, and draw to a close, this term's topic on 'Extreme Earth'.

The geology day will be held in school, with children participating in a range of activities to find out more about rocks and the geology of our school environment.

In order for the children to fully participate, they will need to come to school wearing clothes suitable for getting muddy and for working outside; please think warm! The children will also need to have a pair of welly boots to wear, as well as indoor shoes for when in the classroom. If you have access to small pairs of gardening gloves and/or a small trowel, that would be useful to. **Please make sure that all items sent into school, including wellies, are named.**

We are also looking for parent volunteers to come in and support the outside activities. If you are able to help, please could you let me know by emailing the school office using the subject line 'KS2 Geology Day' on your email. Activity times are as follows:

Kestrels: 9:15 am to 10:30am

Kites: 10:45 am to 12:00pm

Eagles: 1:15pm to 2:30pm

Yours sincerely,

Mrs Goodchild
