

## Eagles Home Learning Tasks - Wednesday 8<sup>th</sup> July

If you **are not** in the below groups, please head to [Education City](#), where your work for today has been set for you.

### Maths - for children in **green, yellow** and **white** groups

LO: To convert between standard units of length, mass and capacity.

- Start by logging into [TTRS](#) and practicing your times tables! Remember the school postcode is RG9 6PR.
- Then you are going to practice some of the things that we learnt last week about measures. The learn screens are still available on [Education City](#) if you want to remind yourself of anything.
- Under this sheet is a pdf called 'Wednesday 8<sup>th</sup> July Maths'. In the pdf are questions from Target Your Maths.
- You can decide to start at Column A and complete both column A and B. Or you can start at Column B and complete Columns B and C.

### English- for **all** pupils

How I learn.

Given that most of you have now completed some transition work with your secondary schools, I thought it would be a good opportunity to consider September again.

- You are going to create your own 'How I learn' sheet.
- Think about the following things:
  1. My interests
  2. What I don't like
  3. I learn best when...
  4. What helps me to learn
  5. My behaviours
- Under each of the above statements, come up with as many things that you can think of.
- Create a rough plan of how you can fit all this information on one side of an A4 sheet.

- In tomorrow's session, we will write these up in neat.

PSHE/Transition - for **all** pupils

Secondary School question sheet.

- Look at the pdf called 'Wednesday 8<sup>th</sup> July Secondary School Question Sheet'
- Now that you know a bit more about your school, can you answer all the questions on the sheet? If not, how could you find out the answers?
- Can you completely fill the sheet?
