

Primary Sports Premium 2018-2019

Name of School: Frieth C.E.C. School

At Frieth CEC Primary School, we recognise the contribution of PE to the health and well-being of the children. We believe that an innovative, varied PE curriculum and a wide range of extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Our Primary School Sport's Funding will enable us to continue and extend our provision through employing additional sports professionals, entering into more competitive sports competitions and training our staff to deliver in-house quality PE sessions.

Schools with 17 or more pupils will now receive £16,000 plus £10 per pupil in the academic year. The grant is allocated in two tranches.

Amount received for 2018-2019

Revenue carried forward from 2017 2018 academic year	£7909.80
September 2018 – August 2019 Sports Premium Grant	£17130.00
Swimming and transport funded by school budget	£1268.30
TOTAL FUNDS REVENUE	£26,308.10
TOTAL FUNDS EXPENDITURE	£24,226.31
UNDERSPEND/OVERSPEND	£2081.79

How has the grant been spent?

1.	<p>Coaching</p> <p>£5595.00 September 2018 – March 2019</p> <p>£2765.00 April – August 2019</p> <p>This figures includes the costs of festivals</p>	<p>We have continued to use the vast majority of the funding to employ a specialist coaching company who deliver 2 afternoons of multi skills sports teaching and CPD training opportunities for the Foundation, Keystage 1 and Keystage 2, both pupils, teachers and support staff. The desired outcome is to deliver high quality PE lessons, increase knowledge of the PE curriculum, set targets and assess the pupils robustly in PE and ensure differentiated lessons to aid the pupils to fulfil their potential and make rapid progress in PE</p> <p>The coaches are employed from ClubSport – a local commercial sports coach provider.</p> <p>We rate the quality of the coaching sessions delivered as good. The provider also run quality assurance observations of their staff and feedback their findings to the school. We have used the vast majority of our funding to provide two afternoons of teaching, CPD and innovative lessons for the whole school each</p>
----	--	--

	<p>£30</p>	<p>week. All sessions have a member of the teaching or teaching assistant staff present so that assessment takes place.</p> <p>We have the same specialist coaches providing two lunchtime 'Positive Play' sessions for our Year 5 pupils, which are teaching them games, rules and leadership skills to support the rest of the school during playtimes. The two sessions gives the confidence boost in the early days so that we can avoid some of the issues that can arise with leadership skills.</p> <p>Additionally we have had some specific cricket coaching from a professional cricket coach who ran workshops for each class across a full day in June linked to the local Frieth cricket club.</p>
2.	<p>Competition</p> <p>£125 Cross Country race entry fees</p> <p>£300 (£200 still to be invoiced)</p>	<p>We have entered the Thames Valley Cross Country running festivals this year again with some successes but lots of enthusiasm.</p> <p>Part of the service level agreement with Club Sport was the inclusion of sporting festivals. This year every child from year 1 to year 6 has had the opportunity to take part in a competitive festival organised by club sport. As these are interschool festivals, we provided the cost of the school bus transport to enable pupils to attend.</p>
3.	<p>Health/Physical Activity</p> <p>£1157.01</p>	<p>We have a number of clubs running in school: cross country running, football, cricket, golf, street dance, gymnastics, multi-skills, Activkids, Positive Play Leaders and netball. We have also introduced athletics and tennis in the summer term 2019.</p> <p>We offered some before school morning clubs, however the demand from pupils was not great enough to run them cost effectively.</p> <p>We have introduced a wider range of Outdoor Adventurous activities with all of KS2 now taking part in orienteering for at least half a term each year.</p> <p>The school council and the positive play leaders surveyed the school and prepared an itemised and costed wish list of equipment they would like to have in the playground. This was agreed and the money provided from the sports premium. A new zoning of the playground was agreed with the students and a timetable for the equipment allowed out on each day. This is overseen by the play leaders, lunchtime supervisors and the Club Sport coaches.</p>

4.	Shared or Single School PE Specialist Teachers	We are using the professional coaches from Clubsport for continued staff development.
5.	Professional Learning £500	<p>Staff training will be sourced from the local authority and outside agencies in line with the needs of the school.</p> <p>Staff have access to CPD opportunities through the specialist coaching team we have in school. Staff have provided impact statements and these show that they have been up skilled and are finding the team teaching approach a very useful tool. Clubsport have also been moderated by an outside provider as well as their own in house inspections.</p> <p>Staff have commented that we now have a more enhanced and inclusive curriculum and that their own competence and confidence has improved.</p> <p>Following the completion of the PECs programme of CPD run in the 2016-2018 academic years, in 2018-2019 the CPD focus has been on Dance. This was provided by a highly qualified dance instructor, Jane Douglass, who is well known to the schools in the area. The staff attended a full inset day of dance CPD in January 2019, followed by team teaching their own class dance lessons on the first two days of term with Jane.</p> <p>The training included access to planning for topics and up-skilled the subject knowledge of the teaching staff.</p> <p>Learning walks and informal observations demonstrated the immediate positive impact of this training on the staff confidence and on the quality of teaching and learning in dance across the school.</p>
6.	Other £64 £8422.00	<p>There has been a positive impact on the whole school as increased participation leads to improved pupil behaviour and attendance in lessons. The parents and carers are happier with the provision for sports through our extracurricular opportunities.</p> <p>In order to accommodate an increasing number of after school PE and sports clubs, we hired the village hall on a weekly basis for 1 after school session per week. This maximised the available space so that the Gymnastics club could be included after school.</p> <p>The sports funding was used to buy further outdoor adventurous equipment for the school playground</p>

	<p>Swimming and transport: Spending is £1268.30 (paid for from the school budget)</p>	<p>including a new monkey puzzle climbing frame, a new agility frame and parallel bars. This replaced the monkey bars and the old condemned climbing equipment. This was also partially funded by the PTA.</p> <p>The school has achieved the Sainsbury's School Games Gold Mark We have deliberately paid into a scheme, using sports premium funding, so that we can access a greater range of inter school festivals as we have found the previous provision provided via the school games system lacking.</p> <p>We aim to use PE to support a cross curricular approach so that children learn through a range of teaching styles and methods.</p> <p>The KS1 pupils have had 'Scootability' training in the summer term 2019 and the KS2 pupils have had 'Bikeability' training.</p> <p>We have changed our swimming provision having decided the previous provider did not offer value for money. The provision for our swimmers in years 4 and 5 is now of a higher standard as are the facilities and overall experience. The participants are assessed and if unable to meet the criteria will be offered further swimming the following year. We are also looking to see whether we use sports premium funding to offer additional swimming lessons to those who, after two terms of provision, then need further booster lessons in year 6.</p> <p>The School Travel Plan Committee and the Junior Road Safety Officers run regular 'walk to school' events and all children are encouraged to walk to school by the use of the daily travel tracker to record their journeys and reward badges given for walking to school.</p> <p>The PTA run the Frieth Hilly 10k and 5K race in October. Some of our eldest pupils (over the age of 11) enter for the 5K. The PTA also ran a Frieth 'Marathon' for all pupils in July 2019.</p>
	<p>Outstanding actions for 2018 2019 Academic year</p> <p>£4000.00 approx</p>	<p>We plan to purchase a new EYFS outdoor activity shed for their gross motor control equipment to enable child initiated access to learning and physical activity.</p>

What impact has there been on pupil participation and attainment leading to all pupils developing a healthy lifestyle?

All pupils access at least 2 hours of taught PE every week.

We are already seeing a greater number of sporting opportunities within school and a greater number of pupils are now accessing these opportunities.

Every pupil in KS1 and KS2 has had the opportunity to take part in interschool competitive festivals.

Our more talented pupils have shown their abilities through multiskills festivals and during our cross country races. They have also been given opportunities during both lessons and extracurricular sports to further showcase their talents. Affiliation with sporting clubs and associations has enabled gifted footballers to attend county club level training outside of school.

The pupils have had a wide range of opportunities and there is a high level of participation in sport. The pupil's enjoyment is shown through their positive attitudes and regular participation in our lessons and extracurricular sports.

Of the 50 off site, extracurricular and enrichment events and visits recorded on Evolve over the academic year to June 2019, 40 were PE and sports related activities – 80%. This is equivalent to 1.1 off site sporting or Physical Education activities per school week.

The pupils demonstrate a good level of physical fitness and most understand the importance of this for their long-term health. We still need to make more efforts to promote a more holistic healthy lifestyle and this is an area for development.

We have seen data at the end of academic year 2018 2019 showing excellent attainment in PE. We will be looking at how to continue this by careful spending of future Sports premium spending.

The year 5 and 6 pupils, through the Positive Play Leaders course and House Captain roles, have acquired the skills to organise sports and physical activity for others.

The children have provided impact statements once they have participated in additional sporting activities and the overwhelming response is positive.

Planned Provision

How will the 2018 2019 grant be spent?

Expected Revenue & Expenditure 2019 2020

Revenue Carry Forward from 2018-2019	£2081.779 approx
Sports Premium Grant	£17,340.00

Swimming and transport funded by school budget	£1300.00
TOTAL FUNDS EXPECTED REVENUE	£20721.79 approx
TOTAL FUNDS PLANNED EXPENDITURE	£20345.00 approx
Coaching £10,830.00 Club Sport £450 Activkidz	We plan to continue our association with Club Sport for our curriculum coaching and CPD. We also plan to subsidise all after school sporting and active clubs to ensure that pupils are able to access all clubs regardless of financial considerations.
Swimming and transport £1300	We will continue to fund the travel and swimming coaching within our curriculum entitlement from the school budget. The school feels very strongly that pupils and parents should not be asked to contribute financially to an area that is a statutory part of the PE curriculum.
Sporting fixtures £125 £500	Fees required to enter the Thames Valley Cross Country running festivals Travel costs for enrichment and additional fixtures
Other £3000 £3000 X6 days cover @ £190 per day = £1140	We will continue to update, replace and renew our PE and playtime active equipment on an ongoing basis. We will investigate other outdoor equipment, such as table tennis tables, for the playground. We will utilise some of the sports premium to release teaching staff, enabling them to lead and participate in off-site sporting activities and festivals. The year 5 & 6 pupils will be participating in a week long residential outdoor activity centre in France in June 2020
