Let Your Light Shine!

30th January 2026

Despite the weather, it's been a great couple of weeks at Frieth. Let's hope for a brighter February!

Following on from my last newsletter, where I mentioned Safer Internet Day on Tuesday 10th February, I am pleased to share that after Easter we have organised for an external provider to deliver online safety workshops for the children.

As part of this initiative, Online safety specialist, Alison Watts will also be offering a parent workshop in the school hall from 2:00-3:00pm. Parents are therefore warmly invited to come into school an hour early before pick-up to attend.

As technology continues to develop and online risks evolve, supporting families in this area is a crucial part of safeguarding our children. As both a parent and headteacher, this is a very high priority for me, and I hope a large section of our parent community will be able to join us.

Tea, coffee, and biscuits will be provided!

In the meantime, The [UK Safer Internet](#) Centre have great advice for parents. Another good resource is: [Parents and carers | CEOP Education](#)

Please find attached Parent AI advice which has some top tips for online safety. Also attached is a resource for parents and children to encourage discussion around using Apps safely.

New Link School!

Unfortunately, Frieth CEC School's long-term partnership with St. Charles School in Africa has recently come to a

conclusion. However, I am absolutely delighted to announce our new link school partnership with Kolese School! This wonderful opportunity will allow us to learn more about another community, build lasting connections, and forge meaningful relationships for years to come. This exciting new chapter strengthens our commitment to cultural understanding and global learning for all our pupils.

Before Christmas, a card created by our School Council was hand-delivered all the way to Kenya, and we are thrilled to share that it has been warmly received!

Parking

I would like to kindly remind parents parking should take place on the road rather than within the school car park. At present, staff are sometimes finding it difficult to access parking on arrival, which can make the start of the school day more challenging.

Football:

A big well done to our Girls' Under-11s, who got took part in a thrilling 2-1 encounter against Burford. The Frieth Foxes matched their opponents stride

for stride and went in level at half-time after a strong first-half showing. As the game wore on, after a week filled with sports, tired legs told and Burford edged ahead in the second half, but the effort, determination and team spirit on display were outstanding. Brilliant commitment from all the girls. Well done!

Netball:

The team showed great determination in a tough game against Burford, winning 7-5 after a lot of hard work. Frieth got off to a fantastic start, taking an early 6-1 lead and showing off the skills they've been practising in training. Burford came back strongly in the second half, making it a close and exciting game right to the end. Well done everyone for digging deep and never giving up!

Eagles Farming Trip

Eagles had a fantastic visit to the Connells' farm, where they learned all about agriculture within our community. The children explored how barley is grown and used, discovered what's on in the farming calendar and the jobs farmers do throughout the year and met some of the farm animals. It was a great hands-on experience that helped bring classroom learning to life and gave pupils a real insight into where our food comes from.
